# FACULTY FUNNIES

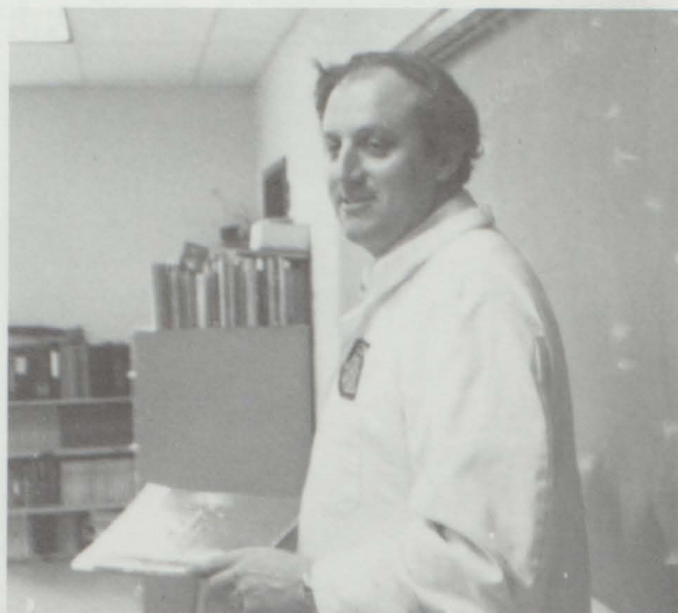

# TEACHER OF THE YEAR

Mr. Gene Trammell was born in Sumner, Georgia in Worth County. He was educated in the Worth County Public Schools. He has a BS Degree in Ag Education and an MS Degree in Ag Education from the University of Georgia. He began work in education at the University of Georgia. He has taught school at Crawford County for three years. He enjoys the community and the surrounding area. His hobbies include flying (holds private license with about 2500 hours) and scuba diving. He also loves teaching.

MR. GENE TRAMMELL

# STAR STUDENT

WADE CHAPMAN is the Star Student for the 1984-85 school year. He is awarded this distinction because he made the highest score on the Scholastic Aptitude Test. During his high school career, Wade was an honor student, a member of the enrichment program and a member of the Varsity Debate Team in which he won several awards.

He also played football during his freshman year.

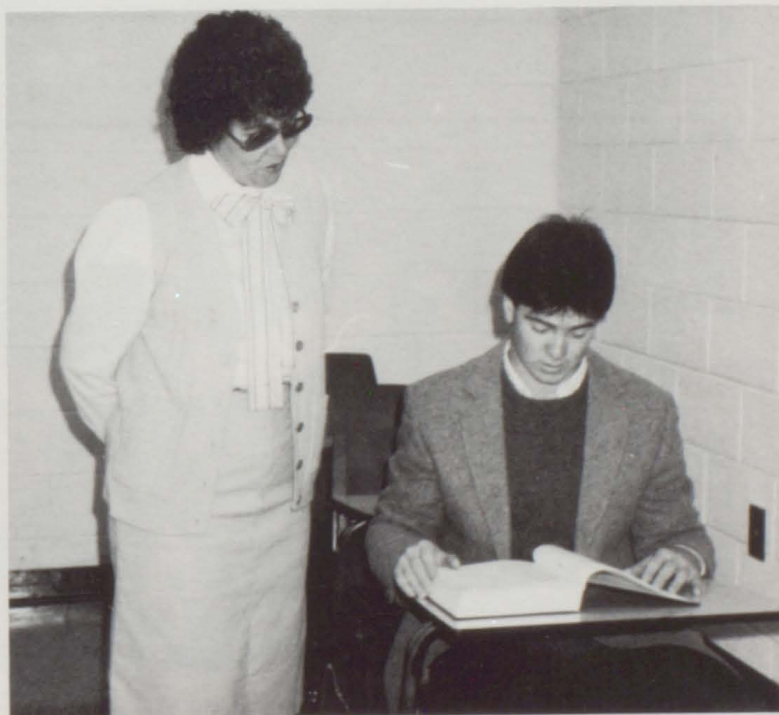

Presently, Wade is attending the University of Georgia.

His parents are Mr. and Mrs. Jerome Chapman. Wade has chosen Mrs. Ruth Joyner for his Star Teacher.

In 1972 when Ruth Joyner went to work as a clerical aide at the high school library, little did she realize that the next decade would find her tramping across college campuses, taking exams, and receiving degrees which would qualify her to teach.

Presently she holds a Master's Degree in Education which she earned at Georgia College. For the past four years she has taught English and coached the Debate Team at C.C.C.H.S.

Although she enjoys such recreational activities as taking long walks with her family and reading a good book, she also enjoys working in a learning environment. To see a young person's face light up when he grasps a concept, to listen as he explains an analysis, to read what he has written from his heart-----all these are pure joy to Ruth Joyner.

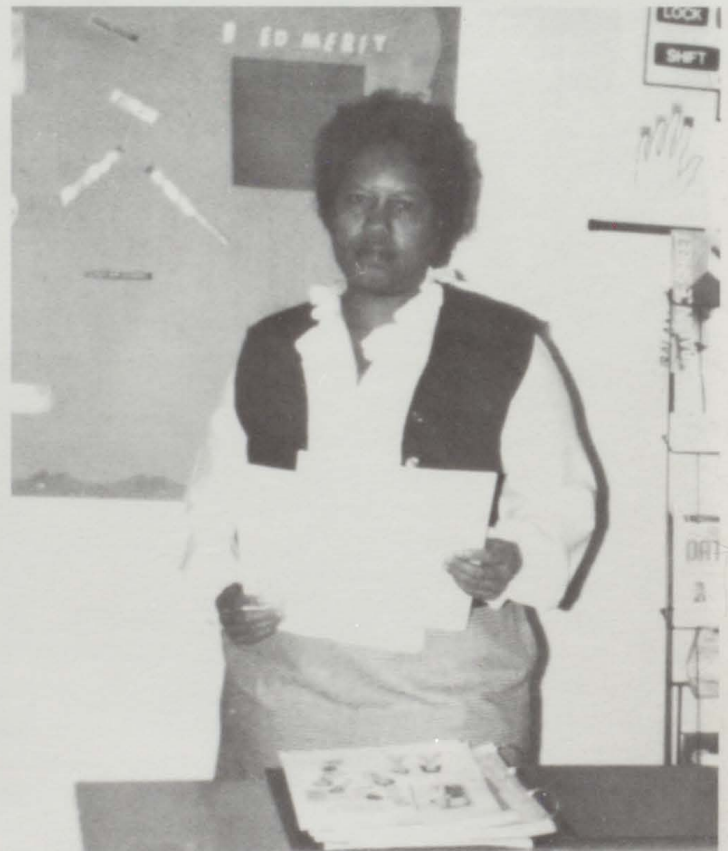

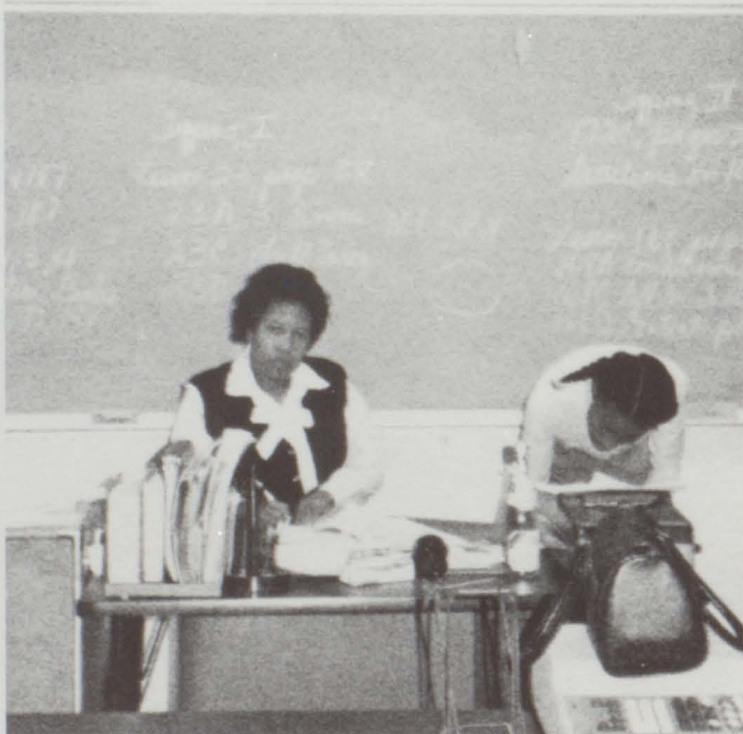

# DEDICATION

We, the members of the 1985 Annual Staff, dedicate this yearbook to Mrs. Joyce Key, a talented teacher, who has devoted seventeen years of her time to all the students at Crawford County High School. Mrs. Key is best known as a teacher of Business Education Courses, and as the sponsor of our chapter of Future Business Leaders of America. The 1984-85 school year saw Mrs. Key add to those responsibilities. She volunteered to produce this year's Annual. The Annual Staff, along with the faculty and students of CCCHS, says, "Thank you Mrs. Key, for all the time, patience, and hard work given to help make this yearbook a reality!"

WE LOVE YOU!

## SUPERINTENDENT'S MESSAGE

Each school year starts with a blank page. We hope you have filled those blank pages this year with increased knowledge, increased confidence, a greater respect for yourself and your fellow human beings, and with a lot of happy memories. We walk this way only one time and it behooves each of us to make the most of each hour and each day.

Some of you will be leaving C.C.C.H.S. at the end of this year. We wish for you a sense of confidence, pride, peace and fulfillment as you go forward to your next step in life. We hope we have helped you prepare adequately for that step so that it is a small one and not one that is insurmountable.

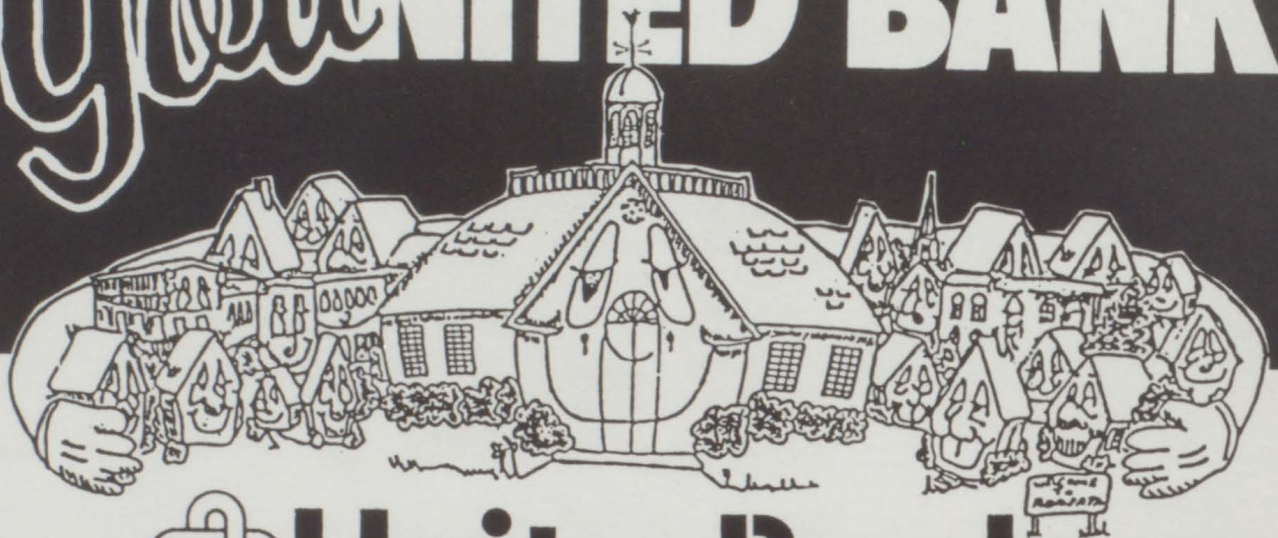

For those of you returning next year, remember you are starting again with a blank page. Work diligently to fill it with worthwhile things and take time to have some fun along the way — just get your priorities in order. There is a time for serious work and a time for fun. Neither needs to be neglected but neither needs to be exclusive of the other. A happy fulfilled life is one that is in balance.

Good luck to you as we close out 1984-1985, and get ready for 1985-1986.

*Elizabeth Scarborough*
